

## Customer Kitchen Planning Checklist

This checklist is a tool to help you with the design and ordering process of your new kitchen cabinetry

### Measurements of Kitchen Area Including:

(If you are hiring a contractor, he will help obtain this information for you)

1. Where the center of the window is (if there is a window) \_\_\_\_\_
2. Window Size including trim (How much you want to leave cabinet uppers away from trim) \_\_\_\_\_
3. Overall wall lengths for all walls with cabinetry \_\_\_\_\_
4. Height of ceiling (Notate if there is any bulkhead/soffit) \_\_\_\_\_
5. Will you be replacing flooring or putting new flooring underneath new cabinets? \_\_\_\_\_  
(This may alter your final ceiling height dimension)

### Kitchen Style Details:

1. Wood \_\_\_\_\_
2. Style/Door Style \_\_\_\_\_
3. Color/Finish \_\_\_\_\_
4. Sink Type \_\_\_\_\_
5. Countertop Material \_\_\_\_\_
6. Color Choice of Countertop \_\_\_\_\_
7. 1/2" Overlay VS. 3/4" Overlay Doors \_\_\_\_\_
8. Wall cabinets (30, 36, 42"), a mix of high & low or all higher and to the ceiling \_\_\_\_\_
9. What handles/knobs do you prefer \_\_\_\_\_
10. Backsplash (Tile or Mosaic) \_\_\_\_\_
11. Glass doors or mullions/lites \_\_\_\_\_

### Specs for Custom Build in Appliances

(Need CUTOOUT Dimensions & INSTALLATION and notation of which size is your product )
